Day 1

Teamwork and Communication

0.4.1

Day 1

binary name: `belbin$firstname.$lastname + spidergram$GroupName`
delivery method: Moodle

MORNING

- Introductory video: the everyday leadership
 - https://www.ted.com/talks/drew_dudley_everyday_leadership
- Activity: The difference between “group working” and “team working”
 - **Belbin test** (this is on line test, you’ll receive your login information by email)
 - Answer the test (there are no right or wrong answers, just YOUR answers)
 - Interpret the results with your pedago team (and hand in a screenshot of your results on Gandalf)
 - Team with your mates and find out the profile of your team by creating a spidergram of the overlapped results of each test: what are the strengths and weaknesses of your team?
Please hand in the combined spidergram on Gandalf

AFTERNOON

- Serious game platform: a supply chain as an example of team working
 - The creator of the platform will introduce the game and give you the instructions.
 - You’ll find the link to the presentation on Gandalf.
 - If you have questions, please use Discord.
